John Job and Mary Ellen Mika are seeking a side yard 1 setback dimensional variance of 10 feet and a side yard 2 setback dimensional variance of 15 feet to construct an elevated walkway from the dwelling to the Lake Michigan waterfront. Section 21.02 of the Zoning Ordinance requires a 15 foot minimum, with a 35 foot total side yard setback in the R-1 Single Family Residential Zoning District. Due to the narrowness of the lot the elevated walkway cannot meet the setback requirements, and without the walkway the applicant is unable to gain access to the waterfront due to the sharp elevation changes.

Fedewa provided an overview of the application through a memorandum dated October 20th.

Applicant was not present, so the Board discussed the four standards and noted the following:
• This variance application was approved by the ZBA in July 2015. However, that variance expired prior to obtaining a building permit. There are absolutely no changes to the requested elevated walkway.

**Standard No. 1** – Exceptional or extraordinary circumstances:

• Unique shape
• Exceptional narrowness
• Extreme elevation change

Ayes: Voss, Loftis, Slater, Hesselsweet, Rycenga
Nays: None

**Standard No. 2** – Substantial property right:

• Only access to waterfront is by way of an elevated walkway.
• DEQ does not permit a foot path due to potential erosion.

Ayes: Voss, Loftis, Slater, Hesselsweet, Rycenga
Nays: None

**Standard No. 3** – Will not be a substantial detriment to adjacent parcels, or material impact on the intent and purpose of the Ordinance:

• The Board noted that no opposition was received from adjacent parcels.

Ayes: Voss, Loftis, Slater, Hesselsweet, Rycenga
Nays: None

**Standard No. 4** – Request is not of such a recurrent nature as to make reasonably practical the formulation of a general regulation:

• Case is unique, and does not present a concern that the situation will recur and make reasonable the formulation of a general regulation.

Ayes: Voss, Loftis, Slater, Hesselsweet, Rycenga
Nays: None

**Motion** by Slater, supported by Rycenga to approve a dimensional variance from Section 21.02 to allow a 5-foot wide elevated walkway at 12905 Wilderness Trail, which will allow the applicant to gain access to the waterfront. This will result in a Side Yard 1 and Side Yard 2 setback of 5-feet. Approval of this variance is based upon this Board’s findings that all four standards have been affirmatively met. Which motion carried unanimously, as indicated by the following roll call vote:
Ayes: Voss, Loftis, Slater, Hesselsweet, Rycenga
Nays: None
Absent: Behm
